### **GENERAL INFORMATION**

### Directors

Aloke Banerjee Sumit Mazumder Seow Yoke Chan (Resigned on 13 January 2020)

## **Company Secretary**

Low Lee Nah

### **Registered Office**

137 Telok Ayer Street #05-02 Singapore 068602

### **Independent Auditor**

JBS Practice PAC

(Incorporated in Singapore)

### **DIRECTORS' STATEMENT**

The directors are pleased to present their statement to the member together with the audited financial statements of TIL OVERSEAS PTE LTD (the "Company") for the financial year ended 31 March 2020.

### OPINION OF THE DIRECTORS

In the opinion of the directors,

- (a) the accompanying financial statements of the Company are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2020 and of its financial performance, changes in equity and cash flows for the financial year then ended; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

### **DIRECTORS**

The directors of the Company in office at the date of this statement are as follows:

Sumit Mazumder Seow Yoke Chan

## ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose object is to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

### **DIRECTORS' INTEREST IN SHARES AND DEBENTURES**

According to the register of directors' shareholdings required to be kept under Section 164 of the Singapore Companies Act, Chapter 50, none of the directors holding office at the end of the financial year had any significant interest in the shares or debentures of the Company or its related corporations, except as follows:

Holdings registered in the name of director

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF TIL OVERSEAS PTE LTD

(Incorporated in Singapore)

### Report on the Audit of Financial Statements

### Opinion

We have audited the financial statements of TIL OVERSEAS PTE LTD (the "Company") as set out on pages 7 to 42, which comprise the statement of financial position of the Company as at 31 March 2020, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial position of the Company as at 31 March 2020 and of the financial performance, changes in equity and cash flows of the Company for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other Information

Management is responsible for the other information. The other information comprises the General Information set out on page 1, the Directors' Statement set out on pages 2 to 3, and the accompanying Schedule of Other Operating Expenses.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF TIL OVERSEAS PTE LTD (...CONT'D)

(Incorporated in Singapore)

### Report on the Audit of Financial Statements (...cont'd)

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF TIL OVERSEAS PTE LTD (...CONT'D)

(Incorporated in Singapore)

### Report on the Audit of Financial Statements (...cont'd)

Auditor's Responsibilities for the Audit of the Financial Statements (...cont'd)

- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

### 1. GENERAL INFORMATION

TIL Overseas Pte Ltd (the "Company") (Registration No. 200104404H) is a private limited company domiciled in Singapore. The Company's registered office and principal place of business are at 137 Telok Ayer Street, #05-02, Singapore 068602.

The principal activities of the Company are to carry on the business of importers and exporters of equipment and machinery parts in relation to the construction industry. There have been no significant changes in the nature of the Company's principal activities during the financial year.

The financial statements of the Company for the financial year ended 31 March 2020 were authorised and approved by the directors for issuance on 26 June 2020.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

### a) Basis of preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS"). The financial statements which are expressed in United States dollars are prepared in accordance with the historical cost convention, except as disclosed in the accounting policies below.

In the current financial year, the Company has adopted all the new and revised FRSs and Interpretations of FRS ("INT FRS") that are mandatory for application from that date. The adoption of these new and revised FRSs and INT FRSs have no material effect on the financial statements except as disclosed in the financial statements.

### b) <u>Currency translation</u>

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (its functional currency). The financial statements of the Company are presented in United States dollars, which is the functional currency of the Company.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### b) Currency translation (...cont'd)

In preparing the financial statements of the Company, monetary assets and liabilities in foreign currencies are translated into United States dollars at rates of exchange closely approximating to those ruling at the end of the reporting period and transactions in foreign currencies during the financial year are translated at rates ruling on transaction dates. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the financial year. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the financial year except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in other comprehensive income.

### c) Financial assets

### (i) Classification and measurement

The Company classifies its financial assets in the following measurement categories:

- · Amortised cost;
- Fair value through other comprehensive income (FVOCI); and
- Fair value through profit or loss (FVPL).

The classification depends on the Company's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Company reclassifies debt instruments when and only when its business model for managing those assets changes.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

- c) Financial assets (...cont'd)
  - (i) Classification and measurement (...cont'd)

### At initial recognition

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

### At subsequent measurement

### (a) Debt instruments

Debt instruments mainly comprise of cash at banks, trade and other receivables, debts/equity financial investments.

There are three subsequent measurement categories, depending on the Company's business model for managing the asset and the cash flow characteristics of the asset:

- Amortised cost: Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.
- FVOCI: Debt instruments that are held for collection of contractual cash flows and for sale, and where the assets' cash flows represent solely payments of principal and interest, are classified as FVOCI. Movements in fair values are recognised in Other Comprehensive Income (OCI) and accumulated in fair value reserve, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and presented in "other gains and losses". Interest income from these financial assets is recognised using the effective interest rate method and presented in "interest income".

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

- c) Financial assets (...cont'd)
  - (i) Classification and measurement (...cont'd)

At subsequent measurement (...cont'd)

- (a) Debt instruments (...cont'd)
  - FVPL: Debt instruments that are held for trading as well as those that do not meet the criteria for classification as amortised cost or FVOCI are classified as FVPL. Movement in fair values and interest income is recognised in profit or loss in the period in which it arises and presented in "other gains and losses".

### (b) Equity investments

The Company subsequently measures all its equity investments at their fair values. Equity investments are classified as FVPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in "other gains and losses", except for those equity securities which are not held for trading. The Company has elected to recognise changes in fair value of equity securities not held for trading in other comprehensive income as these are strategic investments and the Company considers this to be more relevant. Movements in fair values of investments classified as FVOCI are presented as "fair value gains / losses" in Other Comprehensive Income. Dividends from equity investments are recognised in profit or loss as "dividend income".

### (ii) Impairment

The Company assesses on a forward looking basis the expected credit losses associated with its debt financial assets carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 26 details how the Company determines whether there has been a significant increase in credit risk.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### c) Financial assets (...cont'd)

### (ii) Impairment (...cont'd)

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables, the Company applies the simplified approach permitted by the FRS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

### (iii) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Company commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

On disposal of an equity investment, the difference between the carrying amount and sales proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and sales proceed amount would be recognised in other comprehensive income and transferred to retained profits along with the amount previously recognised in other comprehensive income relating to that asset.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### d) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the price at which the inventories can be realised in the normal course of business after allowing for the costs of realisation.

### e) Property, plant and equipment

### (i) Measurement

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

### (ii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

### (iii) Depreciation

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives.

|                        | Estimate useful lives |
|------------------------|-----------------------|
| Computers              | 4 years               |
| Furniture and fittings | 5 years               |
| Office equipment       | 4 years               |

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at the end of each reporting period. The effects of any revision are recognised in profit or loss when the changes arise.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### e) Property, plant and equipment (...cont'd)

### (iv) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

### (v) Disposal

On disposal of an item of property, property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss.

### f) Impairment of non-financial asset

Property, plant and equipment

Property, plant and equipment is tested for impairment whenever there is any objective evidence or indication that this asset may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the cash generating unit ("CGU") to which the asset belongs If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease. An impairment loss for an asset is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### f) Impairment of non-financial asset (...cont'd)

A reversal of impairment loss for an asset is recognised in profit or loss, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense in profit or loss, a reversal of that impairment is also credited to profit or loss.

### g) Financial liabilities

Financial liabilities are initially measured at fair value, and subsequently measured at amortised cost, using the effective interest method.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled and expired.

### h) <u>Provisions</u>

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount has been reliably estimated.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimation.

Provisions are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### i) Leases

These accounting policies are applied <u>before</u> the initial application date of FRS 116, 01 April 2019:

The Company leases warehouse under operating leases from third party.

Leases of warehouse where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in profit or loss when incurred.

These accounting policies are applied <u>on and after</u> the initial application date of FRS 116, 01 April 2019:

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### As lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases or low value asset. The Company recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

### (i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, reinstatement costs and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### i) Leases (...cont'd)

### (i) Right-of-use assets (...cont'd)

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in Note 2(f).

### (ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

### (iii)Short-term leases

The Company applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### j) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

### k) Revenue recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Company satisfies a performance obligation by transferring a promised goods or service to the customer, which is when the customer obtains control of the goods or service. A performance obligation may be satisfied at a point in time or over time.

The following specific recognition criteria must also be met before revenue are recognised:

i) Sales are recognised when the goods are delivered to and accepted by the customer. Upon accepting delivery, the customer has full control over the goods, and these is no unfulfilled obligation on the part of the Company. The risks of the obsolescence and loss have been transferred to the customer upon his acceptance of the goods. No element of financing is deemed present at the sales are made within the credit term, which is consistent with the market practice.

Income from the sale of goods is recognised at point in time when the goods are delivered to customers and the performance obligation has been satisfied.

ii) Interest income is recognised using the effective interest method.

### 1) Income tax

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when it affects neither the taxable profit nor the accounting profit at the time of the transaction.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### 1) Income tax (...cont'd)

A deferred income tax liability is recognised for all taxable temporary differences.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period; and
- (ii) based on the tax consequence that will follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss except when they relate to items credited or debited outside profit or loss (either in other comprehensive income or directly in equity), in which case the tax is also recognised outside profit or loss (either in other comprehensive income or directly in equity, respectively).

### m) Employee benefits

Employee benefits are recognised as an expense.

### Defined contribution plan

Defined contribution plans are post-employment benefit plans under which the Company pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Company has no further payment obligations once the contributions have been paid.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 2. SIGNIFICANT ACCOUNTING POLICIES (...CONT'D)

### n) Related parties

A related party is defined as follows:

- (i) A person or a close member of that person's family is related to the Company if that person:
  - (a) Has control or joint control over the Company;
  - (b) Has significant influence over the Company; or
  - (c) Is a member of the key management personnel of the Company or of a parent of the Company.
- (ii) An entity is related to the Company if any of the following conditions applies:
  - (a) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
  - (b) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
  - (c) Both entities are joint ventures of the same third party;
  - (d) One entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (e) The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company;
  - (f) The entity is controlled or jointly controlled by a person identified in (i);
  - (g) A person identified in (i)(a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity);
  - (h) The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 3. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

The presentation of financial statements in conforming to FRS requires the use of certain critical accounting estimates, assumptions and judgement in applying the accounting policies. These estimates, assumptions and judgement are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

The following are the critical accounting estimates, assumptions and judgement for preparation of financial statements:

### (a) Critical judgements in applying the entity's accounting policies

In the process of applying the Company's accounting policies which are described in Note 2 above, management is of the opinion that there are no critical judgements involved, apart from those involving estimations that have a significant effect on the amounts recognised in the financial statements.

### (b) Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

### (i) Loss allowance for impairment of trade and other receivables

Management determines the expected loss arising from default for trade receivables by categorised them based on its historical loss pattern, historical payment profile as well as credit risk profile of customer.

Notwithstanding the above, the Company evaluates the expected credit loss on customers in financial difficulties separately. There is no customer in financial difficulties during the financial year.

Based on the management's assessment, the Company does not have trade receivables that are subjected to ECLs as at the balance sheet date.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

## 3. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS (... CONT'D)

### (b) Key sources of estimation uncertainty (...cont'd)

### (ii) Inventory valuation method

Management reviews the Company's inventory levels, ageing and turnover ratio in order to identify the value of the slow-moving and obsolete items in accordance with the holding company's policy and to identify the items which have a market price that is lower than its carrying amount. Management then estimates the amount of inventory loss as allowance on inventory. The carrying amounts of the Company's inventories are disclosed in Note 7 to the financial statements.

| Spare parts, at cost<br>Spare parts, at NRV | 563,422      | 11,380,835   |

The cost of inventories recognised as expense and included in the "purchases consumed" amounted to US\$233,237 (2019: US\$779,649) (Note 18).

Based on the management assessment during the financial year, the Company has written down the value of the inventories by US\$10,584,176.

The management has made an assessment of the existing economic environment and the last 2 years of the slowdown in the business activities of the Company. The management is of the view that in the current circumstances the sale of existing inventories will be a challenge and not foreseeable in the near future.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 9. FINANCIAL ASSETS, AT FVOCI (...CONT'D)

In 2018, the Company has designated its debts investments previously classified as financial assets, available-for-sale in financial year ended 31 March 2018, to be measured as fair value through other comprehensive income ("FVOCI") as at 1 April 2018. The Company intends to hold this investment for long-term for appreciation in value as well as strategic investment purposes. Dividend income recognised for this investment is included in "other income". As at 1 April 2018, the Company has reviewed the business model for one of the investments with carrying amount of US\$264,269 and subsequently reclassified the investments to financial assets, at FVPL (Note 8).

Financial assets, at FVOCI were denominated in United States dollars.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 16. SALES OF GOODS

|  | <u>2020</u><br>US\$ | 2019<br>US\$ |
|--|---------------------|--------------|
| Sales of spare parts                           | 188,938             | 750,583      |
| Timing of transfer of goods At a point in time | 188,938             | 750,583      |

The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies:

| Nature of goods or services | The Company generates revenue from trading of importers and exporters of equipment and machinery parts in relation to the construction industry.                                 |  |
|-----------------------------|--|--|
| When revenue is recognised  | Income from the sale of goods is recognised when<br>the goods are delivered to the customer and all<br>criteria for acceptance have been satisfied (i.e. at a<br>point in time). |  |
| Significant payment terms   | Payment is due within 180 days since the customer purchase the goods.  |  |

Significant changes in contract liabilities.

|                              | <u>2020</u><br>US\$ | 2019<br>US\$ |
|------------------------------|---------------------|--------------|
| Balance at beginning of year | 9,407,104           | 9,740,604    |
| Other payable written back   | (9,407,104)         | (333,500)    |
| Balance at end of year       | -                   | 9,407,104    |

During the previous financial year, the contract liabilities represented the Company's obligation as part of the contractual sum that is billed in advances for services to be performed which it will be recognised over the period the promised services are transferred to the customer.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 20. EMPLOYEE BENEFITS EXPENSE

|                   | 2020<br>US\$ | 2019<br>US\$ |
|-------------------|--------------|--------------|
| Staff salaries    | 21,794       | 22,446       |
| CPF contributions | 3,755        | 4,129        |
| Staff welfare     | · .          | 369          |
|                   | 25,549       | 26,944       |

### 21. OTHER OPERATING EXPENSES

|   | 2020<br>US\$ | 2019<br>US\$ |
|---|--------------|--------------|
| Bad debt written off - trade                        |              | 4,502        |
| Loss on foreign exchange                            | 2,261        | 14,468       |
| Professional fees                                   | 13,801       | 4,630        |
| Warehouse handing and service charges (lease        |              |              |
| not capitalised in lease liability/operating lease) | 244,431      | 259,411      |
| Others  | 28,956       | 23,363       |
|   | 289,449      | 306,374      |
|   |              |              |

The Company has assessed the rental payment for the bonded warehouse for the inventories and noted that it does not qualify for lease under FRS 116 lease.

### 22. FINANCE COST

|                    | 2020<br>US\$ | 2019<br>US\$ |   |
|--------------------|--------------|--------------|---|
| Bank loan interest | 32,231       |              | - |
|                    | 32,231       |              | - |

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 23. INCOME TAX EXPENSE

|                                   | 2020<br>US\$ | 2019<br>US\$ |
|-----------------------------------|--------------|--------------|
| Current year's tax provision      |              | _            |
| Under-provision in prior year tax | 2,271        | 1 -1         |
| Deferred tax recognised (Note 11) | -            | 13,961       |
|                                   | 2,271        | 13,961       |

The current year's income tax expense varied from the amount of income tax determined by applying the applicable Singapore statutory income tax rate 17% (2019: 17%) to the (loss)/profit before income tax as a result of the following differences:

|   | 2020<br>US\$ | 2019<br>US\$ |
|---|--------------|--------------|
| (Loss)/profit before income tax           | (328,528)    | 43,999       |
| Tax calculated at the applicable tax rate | (55,850)     | 7,479        |
| Non-tax (taxable)/deductible items        | (287,717)    | 6,481        |
| Utilisation of unabsorbed losses          | -            | (13,960)     |
| Unabsorbed tax losses not recognised as   |              |              |
| deferred tax assets                       | 343,567      |              |
| Under-provision of prior year taxation    | 2,271        | 4            |
| Over-provision of deferred tax assets     |              |              |
| in previous years                         |              | 13,961       |
|   | 2,271        | 13,961       |

The Company has unabsorbed tax losses of approximately US\$2,296,000 (2019: US\$82,000) available for offsetting against future taxable income of the Company subject to there being no substantial change in the shareholder of the Company and its shareholding within the meaning of Section 37 of the Singapore Income Tax Act and agreement by the Inland Revenue Authority of Singapore.

Future tax benefits arising from unabsorbed tax loss has been recognised only to the extent there is reasonable certainty of their recovery in future years.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 24. IMMEDIATE AND ULTIMATE HOLDING COMPANY

The Company's immediate and ultimate holding company is TIL Limited, a company incorporated in the Republic of India.

### 25. SIGNIFICANT RELATED PARTY TRANSACTIONS

### (a) Related party transactions

In addition to the related party information disclosed elsewhere in the financial statements, the Company had transactions with the holding company and related companies on terms agreed between them with respect to the following during the financial year

During the financial year, the Company had transactions with the holding company and related companies on terms agreed between them with respect to the following:

|                               | 2020<br>US\$ | 2019<br>US\$ |
|-------------------------------|--------------|--------------|
| Sales to holding company      | _            | 750,583      |
| Purchase from holding company |              | 4,870,635    |

### (b) Key management personnel compensation

Key management personnel of the Company are those persons having the authority and responsibility for planning, directing and controlling the activities of the entity. The directors are considered as key management personnel of the Company.

There is no key management apart from the directors.

The directors did not receive any remuneration for the current and previous financial years.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

#### 26. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Company's activities expose it to market risk (including foreign currency risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management strategy seeks to minimise adverse effects from the unpredictability of financial markets on the Company's financial performance.

### (a) Market risk

### (i) Foreign currency risk

The Company incurs foreign currency risk on transactions that are denominated in currency other than United States dollars such as Singapore dollars. However, the Company does not use any hedging instruments to protect against the volatility associated with foreign currency purchases and other assets and liabilities created in the normal course of business.

The Company's significant currency exposure to Singapore dollars based on the information provided to key management is as follows:

|  | 2020<br>US\$               | 2019<br>US\$                |
|--|----------------------------|-----------------------------|
| <u>Financial assets:</u> Cash at banks         | 15,096                     | 55,258                      |
| <u>Financial liabilities</u> Other payables    | (18,892)                   | (74,637)                    |
| Net currency exposure on financial liabilities | $\frac{(18,892)}{(3,796)}$ | $\frac{(74,037)}{(19,379)}$ |

If the Singapore dollars had strengthened by 5% (2019: 6%) against United States dollars with all other variables including tax rate being held constant, the Company's net profit and equity for the financial year would have been lower by approximately US\$200 (2019: US\$1,163) as a result of currency translation losses/gains on remaining Singapore dollars denominated financial assets and liabilities.

### (ii) Interest rate risk

The Company has no significant exposure to market risk for changes in interest rates except for bank loan disclosed in Note 13. The sensitivity analysis for change in interest rate is not disclosed as the effect on profit or loss is considered not significant.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 26. FINANCIAL RISK MANAGEMENT (...CONT'D)

Financial risk factors (...cont'd)

### (b) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The major classes of financial assets of the Company are bank deposits and trade receivables. For bank balances, deposits are placed with regulated bank which has a credit-ratings assigned by Moody's, a credit-rating agency. For credit exposures to customers, management assesses the credit quality of the customers, taking into account its financial position, past experience and other factors.

As the Company does not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statement of financial position.

The carrying amount of cash at banks represents the Company's maximum exposure to credit risk.

The significant trade receivables of the Company comprise 1 debtor (2019: nil) that collectively represented 100% (2019: nil) of trade receivables.

The credit risk for trade receivables based on the information provided to key management is as follows:

|  | 2020<br>US\$ | 2019<br>US\$ |
|--|--------------|--------------|
| By geographical area<br>Singapore        | 188,938      |              |
| By types of customer Non-related parties | 188,938      | _            |

The Company has applied the simplified approach by using the provision matrix to measure lifetime expected credit for trade receivables. Based on assessment of qualitative and quantitative factors that are indicative of the risk of default (including but not limited to external ratings, audited financial statements, management accounts and cash flow projections, and available press information, if available, and applying experienced credit judgement), these exposures are considered to have low risk credit risk. Therefore impairment on these balances has been measured on the 12 months expected credit loss basis, and the amount of the allowance is insignificant.

Cash at banks and trade receivables are subject to immaterial credit loss.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 26. FINANCIAL RISK MANAGEMENT (...CONT'D)

Financial risk factors (...cont'd)

### (c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash. At the end of the reporting period, assets held by the Company for managing liquidity risk included cash at banks as disclosed in Note 4.

Management monitors rolling forecasts of the Company's liquidity reserve (comprising amounts and cash at banks) on the basis of expected cash flow. This is generally carried out at local level of the Company in accordance with practice and limits set by the Company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these; monitoring liquidity ratios; and maintaining debt financing plans.

The table below analyses the Company's non-derivative financial liabilities into relevant maturity grouping based on the remaining period from the end of each reporting period to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

|                               | <u>2020</u> | 2019      |
|-------------------------------|-------------|-----------|
|                               | US\$        | US\$      |
| Less than 1 year or on demand |             |           |
| Other payables                | 94,183      | 1,990,619 |
| Bank loan                     | 2,714,148   | · · ·     |
|                               | 2,808,331   | 1,990,619 |
|                               |             |           |

### (d) Fair value measurement

### i) Fair value of financial instruments that are carried at fair value

FRS 107 requires disclosure of a three level hierarchy for fair value measurements based upon transparency of inputs to the valuation of a financial asset or liability as of the measurement date. The three levels are defined as follows:

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 26. FINANCIAL RISK MANAGEMENT (...CONT'D)

Financial risk factors (...cont'd)

- (d) Fair value measurement (... cont'd)
  - i) Fair value of financial instruments that are carried at fair value (...cont'd)
    - (i) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
    - (ii) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (is as prices) or indirectly (i.e. derived from prices) (Level 2); and
    - (iii) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

|                           | <u>2020</u><br>US\$ | 2019<br>US\$ |
|---------------------------|---------------------|--------------|
| Level 1                   |                     |              |
| Assets                    |                     |              |
| Financial asset, at FVOCI | inclusion .         | 1,937,788    |
| Financial asset, at FVPL  | 3,738,744           |              |

The fair value of financial instruments traded in active markets (such as financial assets, at FVOCI) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in Level 1.

There are no financials instruments measured under Level 3.

ii) Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value.

The carrying amounts of cash at banks, trade receivables, other payables and bank loan approximate their fair values due to their short-term nature.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 26. FINANCIAL RISK MANAGEMENT (...CONT'D)

Financial risk factors (...cont'd)

### (e) Categories of financial instruments

The following table sets out the Company's financial instruments as at the end of the reporting period:

|  | 2020      |
|--|-----------|
|  | US\$      |
| Financial assets, at amortised cost      | 1,459,087 |
| Financial liabilities, at amortised cost | 94,183    |
| Financial assets, at FVPL                | 3,738,744 |
|  | 2019      |
|  | US\$      |
| Financial assets, at amortised cost      | 1,358,550 |
| Financial liabilities, at amortised cost | 1,990,619 |
| Financial assets, at FVOCI               | 1,937,788 |

#### 27. CAPITAL RISK MANAGEMENT

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. The capital structure of the Company consists of Company issued capital and retained earnings. In order to maintain or achieve an optimal capital structure, the Company may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares or obtain new borrowings and loans.

The Company is not subject to externally imposed capital requirements and its overall strategy remained unchanged for the financial years ended 31 March 2020 and 2019.

(Incorporated in Singapore)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020 (...CONT'D)

### 28. STANDARDS ISSUED BUT NOT YET EFFECTIVE

At the date of authorisation of these financial statements, the following FRSs and amendments to FRS that are relevant to the Company were issued but not yet effective:

| Description   | Effective for annual periods beginning on or after |
|---|--|
| Amendments to References to the Conceptual Framework in FRS Standards | 01 January 2020                                    |
| Amendments to FRS 1 and FRS 8 Definition of Material                  | 01 January 2020                                    |

The Company has not applied those FRSs and INT FRSs that have been issued but are effective only in next financial year. The Company expects the adoption of the standards will have no material effect on the financial statements in the period of initial application.

### 29. SUBSEQUENT EVENT

The outbreak of COVID-19 and the subsequent quarantine measures imposed by the Singapore and other governments as well as the travel and trade restrictions imposed by Singapore and other countries in early 2020 have caused disruption to businesses and economic activity. The Company considers this to be a non-adjusting post balance sheet event and accordingly the financial effects of COVID-19 have not been reflected in the Company's financial statements at 31 March 2020.

As the situation remains fluid (due to evolving changes in government policy and evolving business and customer reactions thereto) as at the date these financial statements are authorised for issue, the directors of the Company considered that the financial effects of COVID-19 on the Company's financial statements cannot be reasonably estimated for future financial periods. However, the directors consider that the general economic impacts arising from COVID-19 are expected to have a negative impact on the operations and investments of the Company.

No other matter or circumstance has occurred subsequent to year end that has significantly affected, or may significantly affect, the operations of the Company, the results of those operations or the state of affairs of the entity in subsequent financial years.

(Incorporated in Singapore)

THE ACCOMPANYING SCHEDULE OF OTHER OPERATING EXPENSES HAS
BEEN PREPARED FOR MANAGEMENT PURPOSES ONLY AND DOES NOT FORM
PART OF THE AUDITED FINANCIAL STATEMENTS.

(Incorporated in Singapore)

## SCHEDULE OF OTHER OPERATING EXPENSES FOR THE FINANCIAL YEAR ENDED 31 MARCH 2020
